

CYCLOPS LIGHTING

SPK-2 is a hanging cold sparkular machine. It creates a cold and safe fountain of sparks for a distance up to 7 meters. The SPK-2 is designed to be used hanging vertically for upside down special effect. It can be controlled via a wireless remote or any DMX controller. Combined with the indoor or the outdoor special spark powder, this machine delivers a unique eye-catching effect in events, concerts, weddings or TV shoots.
